

POOL SUED BY CAPTAIN PRICE FOR \$25,000

Retired Police Officer Asks
that Sum of Damages
from Magistrate.

Former Police Capt. James K. Price, thinks his character was damaged to the extent of \$25,000 by Magistrate Joseph Pool a few days ago when Magistrate Pool, in Jefferson Market Court, said that when Capt. Price was in charge of the Tenderloin station women under arrest were taken to the Captain's room and discharged without going before the magistrate. Papers in the suit were served upon Magistrate Pool to-day when he appeared to preside in the West Side Court.

Capt. Price's suit, following the action pending before the Bar Association looking to the disbarment of Magistrate Pool, did not smother the belligerence of the Magistrate. When asked to discuss his troubles to-day he refused to say a word. He returned to the bench yesterday for the first time since proceedings were instituted to put him out of the Board of City Magistrates.

Magistrate Pool had apparently been warned that Capt. Price had entered suit against him because he did not stand at the bar when they were handed him to-day. He stuffed them into his pocket and retired to his private chamber, where he remained half an hour, presumably looking over the complaint.

BIG JUDGMENT AGAINST FERRY CO.

Edward Bayard Cutting Gets
It on Notes for \$775,-
404.51.

Te difficulties of the Saint Ferry Company and the reasons why it is for sale to the city of New York was illustrated in a judgment entered by default this afternoon by their attorneys for their principal owner, William Bayard Cutting.

This judgment was entered by Zabriskie, Burrill & Murray, of No. 43 Wall street, in addition to setting aside that summons and compelling the company to pay to Edward Bayard Cutting, Jr., of No. 71 Edison street, Bloomfield, last Thursday, was committed to the County Jail by Recorder Cadmus to-day on a charge of stealing a diamond ring valued at \$25 from De Angelis. The ring was found in a pawnshop in Academy street, Newark, where Martucci had picked it. The eloping couple were captured in Orange. De Angelis declined to make a charge against his wife, who declared that she would rather die than be separated from Martucci.

SEVEN MEN ARE BURIED IN RUINS OF FACTORY

Explosion Wrecks the Plant of the New York
Glucose Company at Shadyside, N. J.,
Injuring Scores of Workmen.

Of forty-five men at work in the section of the factory of the New York Glucose Company at Shadyside, N. J., at the time of an explosion that wrecked the plant to-day, seven are missing and are supposed to be dead in the ruins. Four of the injured are in the North Hudson Hospital, and two are expected to die. Of the thirty-eight accounted for not one escaped injury.

The injured taken to North Hudson Hospital are:
BARILLAKA, SAMUEL, No. 84 Hudson avenue, Guttenberg; severe burns; back broken; probably fatal.
PODOSKI, CHARLES, Shadyside; severe burns.

PODOSKI, STANLEY, Cliffside; burned, bruised, internal injuries; probably fatal.
TRIBOUT, AUGUST, West New York; left leg amputated; internal injuries.

At St. Mary's Hospital, Hoboken:
REFFLER, MIKE, Guttenberg; driver; crushed and internal injuries; may die.

So terrific was the explosion that the wives, daughters and sons of the six hundred workmen employed in the building, all of whom live in the neighborhood, were thrown into a panic and their fears were not allayed until Chief O'Brien, from Edgewater, reached the scene with a cordon of police.

Ruins Catch Fire.
The building, a four-story affair of brick, 100 feet by 200 feet long, was completely wrecked and the ruins immediately took fire. Those who escaped began immediately to man the fire apparatus of the works, and although they labored industriously the officials were compelled to summon the companies from Overlook, Fort Lee and Guttenberg.

Just back of the feed house, where the explosion occurred, is a storehouse of the Standard Oil Company, where hundreds of barrels of oil are kept, and the fire companies worked with every endeavor to save these from destruction and the consequent results.

Sam Stanley, one of the patients at the North Hudson Hospital, was fatally injured and cannot live through the day. The loss of August Tiebold have been amputated and it is believed he cannot live. An unknown Italian is also in a dying condition, while a Pole, who could not give his name, is believed to have been fatally injured.

Sailors Rescue Victims.

As soon as the explosion was heard hundreds of sailors who were lying in the Hudson on the warships tumbled over the sides to launches and lifeboats and went to the scene. They were met at the river's edge by the throng of panic-stricken women, who insisted on entering the burning building to search for lost ones. Some of the jackets formed a temporary fire line, behind which they kept the frantic mothers and daughters, while others began a search of the building for the injured.

The plant of the New York Glucose Company, at Shadyside, N. J., represents an outlay of \$5,000,000—it is said to be the most complete glucose factory in the world, and it is a part of the Standard Oil system. E. P. Bedford, president of the company; F. T. Bedford, treasurer, and E. C. Fisher, secretary, The New York offices of the company are at No. 25 Broadway—the Standard Oil Building.

"Our advisers by telephone from the New Jersey plant," said Secretary Fisher to an Evening World reporter, "are that the fire started by a dust explosion in the feed house. Supt. E. W. Cushing informs me that the fire particles rising from the corn husks from which is extracted the by-products from which starch is made were ignited in a manner not yet known."

The New York Glucose Company, said Secretary Fisher, "is independent of the Standard Oil. The Sunnyside plant is valued at \$5,000,000, and there is not another so complete and up-to-date in the world. It employs 700 persons."

WIFE WHO ELOPED
SPURS HUSBAND

Prefers Man Who Fleed with
Her, Even Though Held
on Charge of Theft.

(Special to The Evening World.)

BLOOMFIELD, N. J., May 22.—Dante Martucci, eighteen years old, who eloped with pretty Mrs. Frances De Angelis, a year his senior, and the wife of his friend, Nicholas De Angelis, of No. 71 Edison street, Bloomfield, last Thursday, was committed to the County Jail by Recorder Cadmus to-day on a charge of stealing a diamond ring valued at \$25 from De Angelis.

The ring was found in a pawnshop in Academy street, Newark, where Martucci had picked it. The eloping couple were captured in Orange.

De Angelis declined to make a charge against his wife, who declared that she would rather die than be separated from Martucci.

"I love him and he loves me, so what is the use of me going back to you," she said to her husband, who sat alongside of Recorder Cadmus, with tears in his eyes.

Martucci sat by with a smile on his face. The latter is well educated and of a good family in Italy.

De Angelis still loves his wife and said he would forgive her if she would only return to him and their two little ones.

"I will take the children," said she, "but I won't go home with you."

The husband told the police that he would be willing to give his wife \$50 if she would only go back to him.

MRS. DAVIS GETTING WELL.

To-day it was officially stated at the Hotel General that Mrs. Jefferson Davis' condition had continued to improve, and that she was better than she had been at any time since her illness began.

700 WILL DINE WITH J. F. COWAN

Harlem Tammany Leader to
Be Given Big Feast by
Admirers.

Seven hundred guests will be at the dinner this evening of the John F. Cowan hosts, and the Harlem River Casino is the only place under a roof big enough to accommodate the party.

Besides being the Tammany leader in the Manhattan half of the Thirty-fourth Assembly District, John F. Cowan is President of the Aqueduct Commission. He was formerly Deputy Attorney-General for New York and later Deputy Police Commissioner.

In the latter office he startled the Wigwag by appointing an anti-vice committee from the braves in his organization to clean up Harlem. John T. Meehan, former School Commissioner, was his chairman, and with the Police Commissioner-Ledger at their back they closed up gambling resorts in Harlem and drove the gamblers out.

Ex-Commissioner Meehan is chairman of the dinner committee, and there will be a notable gathering, including, besides thirty-four of the thirty-six other district leaders, headed by Big Chief Murphy and Secretary Tom Smith, of Tammany Hall, a host of Tammany and anti-Tammany notables, citizens' union men and reformers around the Cowan mahogany.

The speakers will include Justice George E. Rosch, Assistant Corporation Counsel George F. O'Shaughnessy, ex-District Attorney Eugene A. Philbin, Magistrate Matthew T. Brown, ex-Attorney-General John Cullen, of Buffalo, and Rev. Dr. Francis T. Wall, of the Church of the Holy Rosary.

Among the guests will be Commissioner Frank Lantry, Moses Hermann and John H. O'Brien, Supt. Edward A. Murphy, of the Building Department, Baker, Senators Grady, Marks, Hawkins and Fitzgerald, Park Commissioner George Walkover, of the Bronx; President Haffen, Bernard Downing and County Clerk Downing.

SON CARRIED CRIPPLED
FATHER FROM FIRE.

The fashionable brown-stone dwelling, No. 246 West End avenue, belonging to W. B. Devereux, narrowly escaped destruction to-day by fire.

The fire was caused by a defective flue in the laundry. It communicated to the woodwork and thence to the diningroom above. It spread rapidly to the library on the next floor, where Mr. Devereux and his son were reading. The elder Devereux is a paralytic.

The flames burst up through the floor and for a moment escaped into the dining room. Devereux took his father in his arms and carried him through the smoke and fire to the street, where he called a carriage and removed him to the home of a friend.

As the fire was turned in in the meanwhile, and the firemen on their arrival made short work of the blaze, the house was saved to the extent of \$100,000. It was recently returned to the original condition.

Furthermore, Dr. Pierce's Favorite Prescription has a record of cures extending over a period exceeding one-third of a century, and embracing more genuine cases of full and complete recovery than any other medicine in its line can boast.

Thousands have been saved from the operating table and the surgeon's knife by the use of this marvelous efficacious specific for women's ailments.

Other thousands have escaped the disagreeable ordeal of the doctor's questioning, and extensive examinations by taking this remedy and being cured in the privacy of their homes. It has cured thousands of bad, obstinate cases in which doctors had failed and in which cures were thought to be impossible.

What it has done for others it will do for you, if you are similarly afflicted, and you give it a good, fair and faithful trial.

In favor of Dr. Pierce's Favorite Prescription being regarded as above the secret patent medicines of our time, is the fact that it is a fact well known to all.

FOR WOMEN ONLY.

There are good and substantial reasons why intelligent people and physicians as well, employ Dr. Pierce's Favorite Prescription for the cure of diseases, and weakness peculiar to women. In the first place, it is not a cure-all, serving only a singleness of purpose, being a specific for one class of diseases only—the peculiar weaknesses and maladies incident to women. Besides it is the only medicine put up for sale through druggists for the cure of such maladies, the cure ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Doctor Pierce from standard authorities of the several schools of practice, and which will be sent free to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

In the second place, Dr. Pierce's Favorite Prescription is the only medicine for women's ailments, which, by its action, all the ingredients of which are printed upon the bottle wrapper in plain English, so that all who take it may know exactly what they are using, and that it contains not a drop of alcohol—pure, triple-refined glycerine, of proper strength, being used instead, both for extracting and preserving the medicinal principles extracted from such roots of native, medicinal, forest plants as are employed in its make-up. The printed formula will also bear witness that it contains no narcotics or other harmful or habit-forming drugs, being entirely made up of genuine extracts of native, medicinal plants of marvelous efficacy in the cure of the diseases peculiar to women.

Now, in this connection, it is well to bear in mind, that, curious as it may seem, yet it is a fact that Dr. Pierce's Favorite Prescription is the only medicine for women's ailments, which, by its action, all the ingredients of which are printed upon the bottle wrapper in plain English, so that all who take it may know exactly what they are using, and that it contains not a drop of alcohol—pure, triple-refined glycerine, of proper strength, being used instead, both for extracting and preserving the medicinal principles extracted from such roots of native, medicinal, forest plants as are employed in its make-up. The printed formula will also bear witness that it contains no narcotics or other harmful or habit-forming drugs, being entirely made up of genuine extracts of native, medicinal plants of marvelous efficacy in the cure of the diseases peculiar to women.

Queen's Root, or Stillingia, is an ingredient entering into the "Golden Medical Discovery," highly recommended by several of the above mentioned authorities for the cure of chronic or lingering bronchial, throat and lung affections, public speaker's sore throat attended with hoarseness, dry, rasping cough and kindred affections. Not only is Queen's Root specific in its curative action in all these affections, but in "Golden Medical Discovery" it is greatly assisted by the combination with it of Golden Seal root, Stone root, Mandrake root and Black Cherry bark, entering into its composition are all recommended by such eminent authorities as Dr. Barthez, Dr. Williams, Dr. Paine, author of Paine's Epitome of Medicine, Prof. Lawrence Johnson, D. M. D., Medical Dept. University of N. Y., Prof. Edwin M. Hale, M. D., Professor of Materia Medica in the Hahnemann Medical College, Chicago, and many others, as remedies for indigestion and dyspepsia, torpid liver as well as bronchial, throat and lung affections, as will be seen from reading a little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., who will send the same on request, by postal card or letter, to any address, free. This little booklet tells of what Dr. Pierce's celebrated medicines are made, and gives the properties and uses of each and every ingredient entering into their composition. Write Dr. Pierce, as above, and receive it by return post.

Queen's Root, or Stillingia, is an ingredient entering into the "Golden Medical Discovery," highly recommended by several of the above mentioned authorities for the cure of chronic or lingering bronchial, throat and lung affections, public speaker's sore throat attended with hoarseness, dry, rasping cough and kindred affections. Not only is Queen's Root specific in its curative action in all these affections, but in "Golden Medical Discovery" it is greatly assisted by the combination with it of Golden Seal root, Stone root, Mandrake root and Black Cherry bark, entering into its composition are all recommended by such eminent authorities as Dr. Barthez, Dr. Williams, Dr. Paine, author of Paine's Epitome of Medicine, Prof. Lawrence Johnson, D. M. D., Medical Dept. University of N. Y., Prof. Edwin M. Hale, M. D., Professor of Materia Medica in the Hahnemann Medical College, Chicago, and many others, as remedies for indigestion and dyspepsia, torpid liver as well as bronchial, throat and lung affections, as will be seen from reading a little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., who will send the same on request, by postal card or letter, to any address, free. This little booklet tells of what Dr. Pierce's celebrated medicines are made, and gives the properties and uses of each and every ingredient entering into their composition. Write Dr. Pierce, as above, and receive it by return post.
